

I am writing to express my interest in keeping the radio station K-LOVE on the air in regular FM translator service. This station provides myself and other listeners with positive contemporary Christian music and an uplifting message. K-Love is the only station of its kind in my area (San Diego County). There are stations that provide religious programming, but none provide contemporary Christian music. Music that is peacable, uplifting and positive is rare; but, I believe, important in our face-paced, traffic congested roadways. My husband and I both have noticed how this station helps us to remain calmer in the face of aggressive drivers, rush hour delays and the general "hurry-up" of the day. Please choose to keep K-LOVE available to thousands of listeners around the country by not allowing the LPFM stations to take priority over FM translator service. Thank you for listening.
